

Dear Swissalpine and Irontrail Friends

The beautiful golden autumn is over and the cold white splendor can already be found in many regions. We hope that you were able to enjoy this blaze of color to the full.

With this newsletter we would like to inform you about the Irontrail 2022. You heard right: the Irontrail is back in a new destination!

Your Swissalpine & Irontrail Team

News Swissalpine

The Davos destination decided in July 2021 to continue the previous Swissalpine Davos under the new name Davos X-Trails. This prompted us to think about the next generation of the Swissalpine - version 2.0, so to speak. With a lot of new ideas and approaches geared towards sustainability, we went delved into it to develop a new programme. As soon as the host, date and programme have been determined, we will inform you again.

Save the date - Irontrail is back

On 6th August, 2022 the new Irontrail will take place in the Val Surses Savognin Bivio area. Be sure to reserve this date. It is worth it as you get the ultimate opportunity to experience the largest nature park in Switzerland with your passion, trail running.

Savognin and the Val Surses already played an important role in the first years of the Irontrail, both as a run-through and as a starting point. The region was there full of enthusiasm, commitment and passion. Now Savognin will even host the new Irontrail.

Trail Running in the Parc Ela, the largest nature park in Switzerland

An unmistakable and unique trailing experience in the vicinity of steep mountain peaks, open landscapes, glaciers and mountain lakes – in the heart of Graubünden, the

Savognin / Bivio area. The Irontrail will be held for the first time in Val Surses on 6th August, 2022. A pearl for nature, mountain and trail lovers. In 2022, there will be two distances, with T44 and T14. In 2023 the runs will be expanded with 80km and 20km.

The Val Surses Savognin Bivio tourist region offers a multitude of highlights for participants, companions and spectators. In addition to Parc Ela, these include for example Alp Flix and Castle Riom. A region with an incredibly diverse range of opportunities invites young and old, families, sports enthusiasts and nature lovers with open arms. The perfect holiday region where relaxation, culture and sport can be combined in the best possible way.

Savognin is already very happy and warmly welcomes participants and accompanying people.

In 2023 the runs will be expanded with 80km and 20km.

Parc Ela

The Irontrail takes place in a unique natural and cultural landscape. It is a privilege to be able to do this. Organisers, the destination, participants and helpers are therefore obliged to take care of nature and attach great importance to the sustainable implementation of the event.
